

Issue date: 18/09/2018

Version: 32 (12/08/2018)

SAFETY DATA SHEET

In accordance with REACH Regulation EC No.1907/2006

Product: CRIMSON CRANBERRY SPARKLER FRAGRANCE OIL

Version: 32

Section 1. Identification of the substance or the mixture and of the supplier

1.1 Product Identifier

Product identifier: CRIMSON CRANBERRY SPARKLER FRAGRANCE OIL (Contains: DELTA-DAMASCONE,

DIETHYL MALONATE, ETHYL METHYLPHENYLGLYCIDATE, LINALOOL)

Other identifiers: None

1.2 Relevant identified uses of the substance of mixture and uses advised against

Product uses: Fragrances

1.3 Details of the supplier of the safety data sheet

Company name: Soap Suppliers Limited t/a Supplies for Candles

Company address: Swinton Bridge Industrial Estate

> Whitelee Road Swinton S64 8BH UK

(Office hours: Monday to Thursday 09.00 to 17.00 Friday 09.00 to 16.00)

Contact: Nicky Story

E-Mail address: info@suppliesforcandles.co.uk

Company phone: +44 (0) 1709 588579

1.4 Emergency telephone number

Emergency phone: Outside Office Hours: +44 (0)1709 588579

Section 2. Hazards identification

2.1 Classification of the substance or mixture

Classification under Regulation (EC) No 1272/2008

danger:

Class and category of Flammable Liquid, Hazard Category 3

Eye Damage / Irritation Category 2

Sensitization - Skin Category 1

Hazardous to the Aquatic Environment - Long-term Hazard Category 2

H226, Flammable liquid and vapour.

H317, May cause an allergic skin reaction.

H319, Causes serious eye irritation.

H411, Toxic to aquatic life with long lasting effects.

2.2 Label elements

Signal word: Warning

Issue date: 18/09/2018

Version: 32 (12/08/2018)

SAFETY DATA SHEET

In accordance with REACH Regulation EC No.1907/2006

Product: CRIMSON CRANBERRY SPARKLER FRAGRANCE OIL

Version: 32

Hazard statements: H226, Flammable liquid and vapour.

H317, May cause an allergic skin reaction.

H319, Causes serious eye irritation.

H411, Toxic to aquatic life with long lasting effects.

Supplemental Information:

EUH208, Contains 2,4-DIMETHYL-3-CYCLOHEXENE CARBOXALDEHYDE, 3-

METHYLCYCLOPENTADECENONE, ALPHA-ISOMETHYL IONONE, CINNAMYL ALCOHOL,

CIS-3-HEXENYL METHYL CARBONATE, CITRAL, CITRAL-ACID ISOMERIZED,

CITRONELLOL, COUMARIN, EUGENOL, LIMONENE, TERPINOLENE. May produce an

allergic reaction.

Precautionary statements:

P210, Keep away from heat, sparks, open flames and hot surfaces. - No smoking.

P233, Keep container tightly closed.

P240, Ground/bond container and receiving equipment.

P241, Use explosion-proof electrical, ventilating and lighting equipment.

P242, Use only non-sparking tools.

P243, Take precautionary measures against static discharge.

P261, Avoid breathing vapour or dust.

P264, Wash hands and other contacted skin thoroughly after handling.

P272, Contaminated work clothing should not be allowed out of the workplace.

P273, Avoid release to the environment.

P280, Wear protective gloves/eye protection/face protection.

P303/361/353, IF ON SKIN (or hair): Remove/take off immediately all contaminated clothing.

Rinse skin with water/shower.

P305/351/338, IF IN EYES: Rinse cautiously with water for several minutes. Remove contact

lenses, if present and easy to do. Continue rinsing.

P333/313, If skin irritation or rash occurs: Get medical advice/attention.

P337/313, If eye irritation persists: Get medical advice/attention.

P363, Wash contaminated clothing before reuse.

P370/378, In case of fire: Use carbon dioxide, dry chemical, foam for extinction.

P391, Collect spillage.

P403/235, Store in a well-ventilated place. Keep cool.

P501, Dispose of contents/container to approved disposal site, in accordance with local regulations.

Substances that are persistent, bioaccumulative and toxic or very persistent and very bioaccumulative, greater than 0.1%:

Not Applicable

Section 4. First-aid measures

4.1 Description of first aid measures

IF ON SKIN (or hair): Remove/take off immediately all contaminated clothing. Rinse skin with water/shower. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do.

Continue rinsing.

4.2 Most important symptoms and effects, both acute and delayed

May cause an allergic skin reaction.

Causes serious eye irritation.

4.3 Indication of any immediate medical attention and special treatment needed

None expected, see Section 4.1 for further information.

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable media: Carbon dioxide, Dry chemical, Foam.

5.2 Special hazards arising from the substance or mixture

In case of fire, may be liberated: Carbon monoxide, Unidentified organic compounds.

5.3 Advice for fire fighters:

In case of insufficient ventilation, wear suitable respiratory equipment.

Issue date: 18/09/2018

Version: 32 (12/08/2018)

SAFETY DATA SHEET

In accordance with REACH Regulation EC No.1907/2006

Product: CRIMSON CRANBERRY SPARKLER FRAGRANCE OIL

Version: 32

Section 6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures:

Avoid inhalation. Avoid contact with skin and eyes. See protective measures under Section 7 and 8.

6.2 Environmental precautions:

Keep away from drains, surface and ground water, and soil.

6.3 Methods and material for containment and cleaning up:

Remove ignition sources. Provide adequate ventilation. Avoid excessive inhalation of vapours. Contain spillage immediately by use of sand or inert powder. Dispose of according to local regulations.

6.4 Reference to other sections:

Also refer to sections 8 and 13.

Section 7. Handling and storage

7.1 Precautions for safe handling:

Keep away from heat, sparks, open flames and hot surfaces. - No smoking.

7.2 Conditions for safe storage, including any incompatibilities:

Ground/bond container and receiving equipment.

Use only non-sparking tools.

Take precautionary measures against static discharge.

7.3 Specific end use(s):

Fragrances: Use in accordance with good manufacturing and industrial hygiene practices.

Section 8. Exposure controls/personal protection

8.1 Control parameters

Workplace exposure limits:

Issue date: 18/09/2018

Version: 32 (12/08/2018)

SAFETY DATA SHEET

In accordance with REACH Regulation EC No.1907/2006

Product: CRIMSON CRANBERRY SPARKLER FRAGRANCE OIL

Version: 32

Ingredient	CAS	EC	Description	Value
ALCOHOL	64-17-5	200-578-6	Long-term exposure limit (8-hour TWA) (ppm)	1000
ALCOHOL			Long-term exposure limit (8-hour TWA) (mg/m3)	1920
DIETUVI DUTUALATE	84-66-2	201-550-6	Long-term exposure limit (8-hour TWA) (mg/m3)	5
DIETHYL PHTHALATE			Short-term exposure limit (15-minute) (mg/m3)	10
ETHYL ACETATE	141-78-6 20	205-500-4	Long-term exposure limit (8-hour TWA) (ppm)	200
EIIILAGEIAIE			Short-term exposure limit (15-minute) (ppm)	400

8.2 Exposure Controls

Eye / Skin Protection

Wear protective gloves/eye protection/face protection

Respiratory Protection

Ensure adequate and ongoing ventilation is maintained in order to prevent build up of excessive vapour and to ensure occupational exposure limits are adhered to. If appropriate, and depending on your patterns and volumes of use, the following engineering controls may be required as additional protective measures: a) Isolate mixing rooms and other areas where this material is used or openly handled. Maintain these areas under negative air pressure relative to the rest of the plant. b) Employ the use of Personal protective equipment - an approved, properly fitted respirator with organic vapour cartridges or canisters and particulate filters. c) Use local exhaust ventilation around open tanks and other open sources of potential exposures in order to avoid excessive inhalation, including places where this material is openly weighed or measured. In addition, use general dilution ventilation of the work area to eliminate or reduce possible worker exposures. d) Use closed systems for transferring and processing this material.

Also refer to Sections 2 and 7.

Section 9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance: Clear colourless to pale yellow liquid

Odour:

Odour threshold:

Not determined

PH:

Not determined

Flash point: 50 °C

Evaporation rate:Not determined
Flammability (solid, gas):
Not determined

Upper/lower flammability or explosive limits: Product does not present an explosion hazard

Issue date: 18/09/2018

Version: 32 (12/08/2018)

SAFETY DATA SHEET

Vapour pressure: 4.67294721 mmHg Vapour density: Not determined 0.9960 - 1.0000Relative density: Solubility(ies): Not determined Partition coefficient: n-octanol/water: Not determined **Auto-ignition temperature:** Not determined **Decomposition temperature:** Not determined Viscosity: Not determined **Explosive properties:** Not expected Not expected Oxidising properties:

9.2 Other information: None available

Section 10. Stability and reactivity

10.1 Reactivity:

Presents no significant reactivity hazard, by itself or in contact with water.

10.2 Chemical stability:

Good stability under normal storage conditions.

10.3 Possibility of hazardous reactions:

Not expected under normal conditions of use.

10.4 Conditions to avoid:

Avoid extreme heat.

10.5 Incompatible materials:

Avoid contact with strong acids, alkalis or oxidising agents.

10.6 Hazardous decomposition products:

Not expected.

Section 11. Toxicological information

11.1 Information on toxicological effects

This mixture has not been tested as a whole for health effects. The health effects have been calculated using the methods outlined in Regulation (EC) No 1272/2008 (CLP).

Acute Toxicity:Based on available data the classification criteria are not met.

Acute Toxicity Oral >5000 Acute Toxicity Dermal >5000

Acute Toxicity Inhalation Not Available

Skin corrosion/irritation: Based on available data the classification criteria are not met.

Serious eye damage/irritation: Eye Damage / Irritation Category 2
Respiratory or skin sensitisation: Sensitization - Skin Category 1

Issue date: 18/09/2018

SCI 2 Skin Corrosion / Irritation Category 2 SS 1A Sensitization - Skin Category 1B	P304/340	IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.
P330 Rinse mouth. P331 Do not induce vomiting. P333/313 If skin irritation or rash occurs: Get medical advice/attention. P337/313 If eye irritation persists: Get medical advice/attention. P361 Remove/Take off immediately all contaminated clothing. P362 Take off contaminated clothing and wash before reuse. P363 Wash contaminated clothing before reuse. P370/378 In case of fire: Use carbon dioxide, dry chemical, foam for extinction. P391 Collect spillage. P403/233/235 Store in a well-ventilated place. Keep container tightly closed. Keep cool. P403/235 Store locked up. P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 1A SS 1B Sensitization - Skin Category 1B	P305/351/338	
P331 Do not induce vomiting. P333/313 If skin irritation or rash occurs: Get medical advice/attention. P337/313 If eye irritation persists: Get medical advice/attention. P361 Remove/Take off immediately all contaminated clothing. P362 Take off contaminated clothing and wash before reuse. P363 Wash contaminated clothing before reuse. P370/378 In case of fire: Use carbon dioxide, dry chemical, foam for extinction. P391 Collect spillage. P403/233/235 Store in a well-ventilated place. Keep container tightly closed. Keep cool. P403/235 Store in a well-ventilated place. Keep cool. P405 Store locked up. P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 1A SS 1B Sensitization - Skin Category 1B	P312	Call a POISON CENTRE or doctor/physician if you feel unwell.
P333/313 If skin irritation or rash occurs: Get medical advice/attention. P337/313 If eye irritation persists: Get medical advice/attention. P361 Remove/Take off immediately all contaminated clothing. P362 Take off contaminated clothing and wash before reuse. P363 Wash contaminated clothing before reuse. P370/378 In case of fire: Use carbon dioxide, dry chemical, foam for extinction. P391 Collect spillage. P403/233/235 Store in a well-ventilated place. Keep container tightly closed. Keep cool. P403/235 Store in a well-ventilated place. Keep cool. P405 Store locked up. P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 1A SS 1B Sensitization - Skin Category 1B	P330	Rinse mouth.
P337/313 If eye irritation persists: Get medical advice/attention. P361 Remove/Take off immediately all contaminated clothing. P362 Take off contaminated clothing and wash before reuse. P363 Wash contaminated clothing before reuse. P370/378 In case of fire: Use carbon dioxide, dry chemical, foam for extinction. P391 Collect spillage. P403/233/235 Store in a well-ventilated place. Keep container tightly closed. Keep cool. P403/235 Store in a well-ventilated place. Keep cool. P405 Store locked up. P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 2 SS 1A Sensitization - Skin Category 1B	P331	Do not induce vomiting.
P361 Remove/Take off immediately all contaminated clothing. P362 Take off contaminated clothing and wash before reuse. P363 Wash contaminated clothing before reuse. P370/378 In case of fire: Use carbon dioxide, dry chemical, foam for extinction. P391 Collect spillage. P403/233/235 Store in a well-ventilated place. Keep container tightly closed. Keep cool. P403/235 Store in a well-ventilated place. Keep cool. P405 Store locked up. P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 2 SS 1A Sensitization - Skin Category 1B	P333/313	If skin irritation or rash occurs: Get medical advice/attention.
P362 Take off contaminated clothing and wash before reuse. P363 Wash contaminated clothing before reuse. P370/378 In case of fire: Use carbon dioxide, dry chemical, foam for extinction. P391 Collect spillage. P403/233/235 Store in a well-ventilated place. Keep container tightly closed. Keep cool. P403/235 Store in a well-ventilated place. Keep cool. P405 Store locked up. P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 2 SS 1A Sensitization - Skin Category 1B Sensitization - Skin Category 1B	P337/313	If eye irritation persists: Get medical advice/attention.
P363 Wash contaminated clothing before reuse. P370/378 In case of fire: Use carbon dioxide, dry chemical, foam for extinction. P391 Collect spillage. P403/233/235 Store in a well-ventilated place. Keep container tightly closed. Keep cool. P403/235 Store in a well-ventilated place. Keep cool. P405 Store locked up. P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 2 SS 1A Sensitization - Skin Category 1B Sensitization - Skin Category 1B	P361	Remove/Take off immediately all contaminated clothing.
P370/378 In case of fire: Use carbon dioxide, dry chemical, foam for extinction. P391 Collect spillage. P403/233/235 Store in a well-ventilated place. Keep container tightly closed. Keep cool. P403/235 Store in a well-ventilated place. Keep cool. P405 Store locked up. P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 2 SS 1A Sensitization - Skin Category 1A SS 1B Sensitization - Skin Category 1B	P362	Take off contaminated clothing and wash before reuse.
P391 Collect spillage. P403/233/235 Store in a well-ventilated place. Keep container tightly closed. Keep cool. P403/235 Store in a well-ventilated place. Keep cool. P405 Store locked up. P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 2 SS 1A Sensitization - Skin Category 1A SS 1B Sensitization - Skin Category 1B	P363	Wash contaminated clothing before reuse.
P403/233/235 Store in a well-ventilated place. Keep container tightly closed. Keep cool. P403/235 Store in a well-ventilated place. Keep cool. P405 Store locked up. P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 2 SS 1A Sensitization - Skin Category 1A SS 1B Sensitization - Skin Category 1B	P370/378	In case of fire: Use carbon dioxide, dry chemical, foam for extinction.
P403/235 Store in a well-ventilated place. Keep cool. P405 Store locked up. P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 2 SS 1A Sensitization - Skin Category 1A SS 1B Sensitization - Skin Category 1B	P391	Collect spillage.
P405 Store locked up. P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 2 SS 1A Sensitization - Skin Category 1A SS 1B Sensitization - Skin Category 1B	P403/233/235	Store in a well-ventilated place. Keep container tightly closed. Keep cool.
P501 Dispose of contents/container to approved disposal site, in accordance with local regulations. SCI 2 Skin Corrosion / Irritation Category 2 SS 1A Sensitization - Skin Category 1A SS 1B Sensitization - Skin Category 1B	P403/235	Store in a well-ventilated place. Keep cool.
SCI 2 Skin Corrosion / Irritation Category 2 SS 1A Sensitization - Skin Category 1A SS 1B Sensitization - Skin Category 1B	P405	Store locked up.
SS 1A Sensitization - Skin Category 1A SS 1B Sensitization - Skin Category 1B	P501	Dispose of contents/container to approved disposal site, in accordance with local regulations.
SS 1B Sensitization - Skin Category 1B	SCI 2	Skin Corrosion / Irritation Category 2
	SS 1A	Sensitization - Skin Category 1A
STO-SE 3(NE) Specific Target Organ Toxicity (Single Exposure) Category 3	SS 1B	Sensitization - Skin Category 1B
	STO-SE 3(NE)	Specific Target Organ Toxicity (Single Exposure) Category 3
